

Beyond Attendance *BA922 Finger Print Reader*

The BA922 is a versatile robust and adaptable solution that can meet all your time and attendance or access control needs.

With battery backup, colour screen and durable keypad the device makes operation a breeze.

The GPRS option allows for remote usage where internet access is not available through a fixed line.

Built with world leading hardware and making use of state of the art finger print recognition algorithms, this device is ideal for almost any application as its accurate, secure and reliable. It can even be ordered in a water proof and drop proof housing.

Features :

- Composite algorithm system with high speed operating
- Embedded LINUX system, easy to integrate into various system
- Standalone, GPRS or network environment
- Professional access control system supports real-time entrance logs transferring
- 65,000 real colour display, make menu with high-definition graphical user interfaces
- Huge capacity memory with high speed verification support user photos display
- External speaker plug port easy for schedule bell ring
- Saves data during power outage
- 24 hours continuous operation available
- Prevents buddy clocking
- Push Firmware
- Compatible with all access control systems

Display / Speaker	Language
LCD Display 3.5" TFT high-definition graphical interface, 65,000 real colour	English, Afrikaans, French
Speaker: Voice Prompt (programmable language)	Spanish, Arabic
Technical Specification Capacity	Environment
Finger Print Capacity 10,000	Ops temp: 0°C—45°C
Log Capacity 200,000	Ops Humidity: 10-60%
Verification / Identification	
Verification Speed: Approx. 0.5s	FPR <0.01%
Identification Speed: Approx. 0.1s	FAP <0.0001%
Power Supply	Machine Size
110/220VAC—12VDC	197(L)*137(W)*46(H) mm
Communication	Attendance Status
TCP/IP, RS232, USB, Wiegand In/ Out, Speaker Out, GPRS Optional	Check In, Check Out, Break In, Break Out, OT In, OT Out
Standard Function	Custom Function
Professional access control, built-in relay, 50 time zones, 5 groups and 10 combinations, dismantlement alarm, break-in alarm, duress alarm; User-defined function key; Auto DST; Scheduled bell, SMS, T9 input, Webserver, Work code; Photo-ID; power lock; Anti-pass back; Self service query; Keypad audio	9-PIN ID, Multi-verify, Group identify; Printer output, Li-battery, ID reader, Mifare reader, Wifi, GPRS
